

How I LIVE UNITED

Can you imagine starting your day without brushing your teeth or washing your hair? Imagine then your house burned down before you could grab those items, you were a teen who has aged out of the foster care system or in recovery and starting over in a new place with practically nothing to call your own. That indignity seems all the more possible now, doesn't it? It happens right here in your community everyday. Last year—

- **Thirteenth Place took in 21 teenagers.**
- **The Salvation Army sheltered 1143 men, women and children.**
- **American Red Cross assisted with 140 house fires.**

Join us in a city-wide supply drive for personal care items needed by United Way agencies that serve hundreds of individuals and families. There are three ways to help: choose, collect and sort! See below for more details.
